

It's Time !!!

To Register for Greek School

Classes available for: Children K-12 and Adults

Students will be assigned classes based on language & experience level

We would like to have more family involvement in the language learning process. In many of our homes, Greek is never spoken. Some of the children who are learning the language never have the opportunity to practice their newly learned Greek vocabulary outside of the classroom.

Two things can help. 1) If you speak Greek, practice with your family.

2) If you don't speak Greek, enroll in class and learn!

Sign up quickly and receive a free gift that will help the whole family learn and practice Greek. Practicing as a family makes it fun!

Classes will focus on the spoken language as well as the written language. The classes will have fun interactive activities where students will be able to use their learned language skills and interact with members of our Greek community.

This will be a fun year for everyone!!!
